### CLEVELAND TEACHERS WIN CASE

**Against Supt. Frederick Who Is Held to Be In Contempt**

**MUST REINSTATE SIX WHOM HE HAD DISCHARGED**

**FOR UNION ACTIVITY**

**To Purge Himself, and if Not He Will Be Fined and Sent to Jail—Decision Will Be Far Reaching In Its Moral Effect.**

(ASSOCIATED PRESS TELEGRAM) Cleveland, Oct. 26.—Superintendent Frederick of the Cleveland public schools, today was found guilty by Judge Neff of the common pleas court and ordered to reinstate six teachers he failed to reappoint last Spring. The court gave Frederick a week in which to re-instate the teachers.

In his decision the court said that Frederick could clear himself of the charge of contempt by reinstating the teachers.

Frederick was accused of contempt for violating an injunction issued June 9 last, restraining school heads from refusing to reappoint union teachers.

Attorneys for the six teachers whom Superintendent Frederick must reappoint or be liable to fine or jail sentence at option of the court, claim that the decision is a sweeping victory for teachers throughout the state. They contend that it paves the way for the unionization of teachers in all of the larger cities of the state and will result in increased and more uniform salaries.

Attorneys for Frederick declare that they will appeal the case to the higher courts.

Judge Neff, before giving his decision, asked Frederick "if you are found guilty, and given a chance to reinstate the teachers will you do it?"

Frederick answered: "I cannot answer that question now. I would have to take time to consider it."

Judge Neff scored Frederick in a lengthy decision in which he said "you are out of harmony with the public, your real employer. You are not employed by the board of education but by the public. In your loyal service to your nominal masters, the board, you have drifted away from your real master, the public."

### DECISION TO DEPOSE CARRANZA

**Will be Reached by the Mexican National Convention**

**IF FIRST CHIEF DOES NOT VOLUNTARILY RETIRE**

**WITH THE CONDITION**

**That No Objection Be Interposed to His Candidacy at a Regular Election—Officials Believe He Will Stand By Convention's Decision.**

(ASSOCIATED PRESS TELEGRAM) Washington, Oct. 26.—Official reports received here today indicated that the Mexican national convention at Aguas Calientes would today or tomorrow depose General Carranza as first chief and substitute a provisional president.

American Consul Silliman reported he was reliably informed of General Carranza's intention to retire under conditions that no objections would be interposed to his candidacy at a regular election and that the tenure of the provisional government should be short.

Officials here believe that while Carranza refused to take the initiative in submitting his resignation, he would abide by the convention's decision should it vote to retire him. Evidence of that was contained in official advices which reported Carranza making no extraordinary military preparations.

Conflicting reports had been received by the state department as to Carranza's attitude.

While no confirmation has been received of reported disturbances in Mexico City, official advices told of a general order by Carranza deposing many commanders who were Villa adherents at the convention and appointing others in their place. Similarly a decree was issued by Carranza informing all chiefs throughout the republic that he was still first chief and to obey only orders from him instead of the convention. The convention has discussed that in secret session but no report of the result of its deliberations has been received.

The war department received today from Colonel Hattfield, commanding American troops on the Arizona border, a message saying Governor Marotrena of Sonora, was "slowly and reluctantly" and the Yaqui Indians were leaving Naco."

General Castellan and President Poincare.

This is a photograph of General Castellan of the French army and President Poincare of France in the field near the battle line. The visit of the President was made two weeks ago. With Premier Viviani he drove in an automobile out to the camp of the commander, and with him went up and down the line of soldiers, extending for more than a hundred miles. The czar and Emperor William are the only other rulers of importance who have gone out to the battlefields to mingle with their troops.

### GOV. COX STRENGTHENS CHARGE THAT WILLIS WAS ACTUATED BY STANDARD OIL INFLUENCE

Columbus, Oct. 26.—On the evidence presented the Ohio State Journal has passed its verdict in the leading editorial today on the candidacy of Frank B. Willis. The Journal is the leading and oldest Republican newspaper in the state. The editorial follows: "The evidence produced by Governor Cox indisputably proves that Mr. Willis, when a member of the legislature did withdraw his own trust investigation resolution, which has become so prominent an issue in this campaign, when the Standard Oil company demanded that such action be taken. Mr. Willis himself does not deny the fact in spite of his attempts to appear to do so. The affidavit of C. J. Gerrish recites the fact of Mr. Willis' killing of the resolution and states the motive. The only defense offered by Mr. Willis is that it is not true that Gerrish was his manager in the pre-primary campaign of the year 1912, and that Gerrish is a lobbyist. The latter assertion is much beside the point as the former. One would hardly expect a minister of the gospel for instance, to be acting as go-between for vast corporations in their dealings with plant legislators. No one but a lobbyist or a man of the lobbyist type is in a position to do that sort of work. It is the verdict of every intelligent, fair minded man who has followed the evidence that the governor has made his case against Mr. Willis."

### ALLIES' SUCCESS IS REPORTED IN ARGONNE REGION

(ASSOCIATED PRESS TELEGRAM) London, Oct. 26.—The British war correspondent of The Daily News writes the following regarding the fighting in the Argonne region:

"A useful success has been secured by the allies in the forest of Argonne. After the fighting in the Marne, the Duke of Wellington's army retreated to the western side of the Argonne while the crown prince's army followed along the eastern side of the forest, taking small towns. A victory ever since the two armies have been trying to conquer the forest."

"The British army captured a section of the village of Marolles in the middle of Argonne and is now holding the position. All of the Argonne, as long as it holds this key the crown prince's army will hold the rest of the Argonne."

**EARTHQUAKE SHOCK.**  
(Associated Press Telegram) Rome, Oct. 26.—A very severe earthquake was felt at Turin today. No casualties have been reported.

### FOUR DEAD

**AS RESULT OF AUTOMOBILE TURNING UPTIE NEAR MASSILLON THIS MORNING**

**Serious Injuries Sustained by Two Other Members of the Illinois Car.**

(Associated Press Telegram) Massillon, Oct. 26.—Four persons were killed and three others injured in an automobile accident near Massillon this morning. The party consisted of one from Elvira and three from Massillon.

Carl Rogers, of Canal Dover; Mrs. Carl Rogers, of Canal Dover; Mrs. Elvira, of Elvira; and Mrs. Elvira, of Elvira.

Partly as a result of the party was slightly injured.

### NEW TRIAL

**WILL BE DEMANDED BY MRS. CARMAN'S COUNSEL, FOR HER VINDICATION**

**Jury Stood 10 to 2 for Acquittal—District Attorney Would Drop the Case.**

(ASSOCIATED PRESS TELEGRAM) Mineola, Oct. 26.—Mrs. Florence Conklin Carman, who was on trial in Mineola all last week for the murder of Mrs. Louise D. Bailey, was released on \$25,000 bail by Justice Charles H. Kelby in the Kings county supreme court in Brooklyn this afternoon. Accompanied by her attorneys, she started immediately for her home in Freeport.

(ASSOCIATED PRESS TELEGRAM) Mineola, Oct. 26.—Counsel for Mrs. Florence Carman, who appeared in the supreme court today and ask that she be released on bail pending her second trial on the charge of murdering Mrs. Louise D. Bailey or a decision to have the indictment against her quashed.

The jury which tried Mrs. Carman, wife of Dr. Edwin Carman, a Freeport physician, in whose office Mrs. Bailey was shot and killed on June 30 could not agree yesterday after deliberating more than 13 hours. It was said the jury stood 10 for acquittal and two for conviction.

The district attorney had announced that he would not seek to have Mrs. Carman tried again. Her own counsel on the other hand said he would demand a new trial as he would not permit the indictment to hang over his client.

Mrs. Carman was said to be in a state of collapse today as a result of the jury's failure to acquit her.

### MINE LAW OF OHIO BEFORE U. S. COURT

(ASSOCIATED PRESS TELEGRAM) Washington, Oct. 26.—After an announcement from the bench by the supreme court that it affirmed the decision of the federal district court for northern Ohio, holding the Ohio Coal Screen law constitutional, the court later in the day recalled its announcement, and transferred the case involving the point to the summary docket for brief oral argument on November 30.

### Jim Crow Law Of Oklahoma Being Tested

(Associated Press Telegram) Washington, Oct. 26.—The validity of the Jim Crow law in Oklahoma hangs on the outcome of oral arguments today before the supreme court. William Harrison, for the negroes of the state and S. T. Hodges, came to Washington to argue the constitutionality of the law.

In addition to the usual "Jim Crow" requirement of separate cars and waiting rooms for the white and negro races, the Oklahoma statute permits the railroads to use "chair cars, sleeping cars and dining cars exclusively for one race. The railroads contend that this is a justifiable distinction in service, as not enough negroes desire these facilities to pay the railroads for furnishing them separately.

(Associated Press Telegram) Washington, Oct. 26.—Sir Cecil Spring-Rice, the British ambassador, issued a warning today to American shippers through the state department to consign all cargoes bound for neutral countries to the neutral government or a specific consignee.

**Aerial Service of France Has Responded to the Call for Reorganization, Which Followed Criticism Of Allowing Germans to Drop Bombs Into Paris and Recently Have Prevented Any Aerial Attacks**

### PILES OF GERMAN DEAD COVER VERY TINY AREA

**In Canal Section of Belgium Where the Invaders Have Sacrificed Great Numbers of Men to the Accurate and Deadly Fire of French and British Warships—It is Known Definitely That Teutons Have Crossed the Yser, But if Progressing Or Retreating Is Not Announced.**

(ASSOCIATED PRESS TELEGRAM) London, Oct. 26.—What progress if any, the German right has made since crossing the Yser between Nieuport and Dixmude in Belgium on Saturday stood today high above all other questions asked in England concerning the situation of the allied armies.

That the Germans crossed, this barrier is admitted by both sides but whether breasting it they have been able to push forward or whether they have met such opposition from the British and Belgian armies as to be held from swaying beyond the western bank is yet to be recorded in official statements.

The fight in this canal section of Belgium to penetrate which, and gain the channel ports, Germany has been sacrificing so many men covers a comparatively tiny area of the whole battle line in France and Belgium, but here unquestionably the dead lie thick. This fact is due not only to the determined rush of the German forces but also to the accurate fire of the British and French warships.

As claimed by Berlin and acknowledged by Paris the Germans undoubtedly have crossed the Yser river between Dixmude and Nieuport, but whether or not this means a forward step in the "on to Calais" movement may depend on operations further eastward.

Rumors continue to reach London.

### News writer In Armored Train Gives Most Vivid Description Of Fighting In the Northwest

(Associated Press Telegram) London, Oct. 26.—The correspondent of the Daily News, who has been in an armored train on the banks of the Yser, gives a good description of the battle in the northwest. He says: "The battle rages along the Yser with frightful destruction of life. Air engines, sea engines and land engines death-sweep this desolate country vertically, horizontally and transversely. Through it the little frail human engine crawls and dies, wall and run, skirmishing, charging and blundering in little individual fights and tussles, tired and puzzled, ordered here and there, sleeping where they can, never washing, and dying unnoticed. A friend may find himself lying on a friendly face and few are to blame."

Thursday the Germans were driven back over the Yser. Friday they secured a footing again, and Saturday they were again hurled back. Now a bridge thrown up by one side is repaired by the other. It is again blown up by the first or left as a death trap till the enemy is actually crossing.

Actions by armored trains, some of them the most reckless adventures, are attempted daily. Each day accomplishes an unwritten record of individual daring feats, accepted as part of the daily work. Day by day our men dash out on these dangerous expeditions, attacked by shell fire, in danger of cross fire, dynamite and incendiary, bringing a priceless support to the threatened lines. As the armored train approaches the river un-

"The Germans do not wait. They rush to the bridges and are swept away by the deadliest destroyer of all the machine gun. The bridge is blown up but who can say by whom? Quickly the train runs back.

"A brisk day," remarks the correspondent. "Not so bad," replies the officer. "So the days pass."

### Preliminary Steps Are Taken For Opening of Reserve Banks On Nov. 16, McAdoo's Date

(Associated Press Telegram) Washington, Oct. 26.—Steps to set in motion the machinery of the twelve federal reserve banks under the new banking system, the opening for business of which has been fixed officially by Secretary McAdoo for November 16, were being taken here today by the federal reserve board. Conference was expressed that the early opening of the reserve banks would go a long way toward relieving conditions in the south brought on by the European war, and be of assistance in the general business situation throughout the country. Emergency conditions in the south in particular, prompted the secretary to designate an early date for the opening of the reserve banks.

In an official statement on the subject, Secretary McAdoo, who named the date for the beginning of business by the reserve banks, under authority vested in him by the currency act, said he had decided upon November 16, following a conference with the reserve board and because of the emergency situation in the south, be-

lieving that the banks will be of aid to that section and benefit other parts of the country. The directors and governors of the 12 reserve banks, at a meeting in Washington recently, voted against opening on November 16 and expressed their preference for November 30.

Secretary McAdoo made it evident in his statement that under the new system the federal government would be able to deposit from the general fund of the treasury in reserve banks to help meet needs of cotton. The new reserve requirements, which will become operative when the banks are opened, according to Mr. McAdoo, will place more than \$400,000,000 now held by National banks as reserves and will materially increase the loan-making power of the banks.

## COTTON

WILL BE SUBJECT OF INVESTIGATION BY SPECIAL CONGRESSIONAL COMMITTEE

Which Will Report Some Way to Relieve Situation—No Extra Session Likely.

(ASSOCIATED PRESS TELEGRAM)

Washington, Oct. 26.—The special committee on cotton legislation named by the house just before the adjournment of congress met today to consider the situation in the south brought about by the European war. The resolution provided that this committee make a thorough investigation of the subject and report possible measures for federal aid in the cotton crisis by December 15. Representative Henry is chairman and the other members are Representatives Austin and Langley, Republicans; Lever and Hedin, Democrats; and Bell, Progressive. Republican leader Mann was appointed on the committee, but said it would be impossible for him to serve until after the election.

Nearly all the members of both houses of congress had left Washington today. Some southern Senators and Representatives, however, anxious to do what they could to expedite legislation to relieve the cotton states, remained in the city.

There was considerable discussion today regarding Representative Henry's statement that an extra session would be called in November, but those close to President Wilson are of the opinion that he is not considering taking such action. It is stated that while the president approves the Lever bill providing for government licensing of cotton warehouses, and the Glass amendment to the currency act permitting banks to issue notes up to one hundred percent of their capital and surplus, he believes both these matters should be held over until the December session of congress.

COTTON PRODUCTION GIVEN BY STATES.

(ASSOCIATED PRESS TELEGRAM)

Washington, Oct. 26.—Cotton ginned prior to October 18 amounted to 7,610,682 bales, the census bureau announced today.

Ginnings by states: Alabama 810,786; Kansas 307,037; Florida 43,313; Georgia, 1-364,013; Louisiana 224,968; Mississippi 474,330; North Carolina 301,077; Oklahoma 450,657; South Carolina 693,392; Tennessee 103,970; Texas 2,712,712; all other states 34,433; Sea Island ginnings by states, Florida 13,738; Georgia 15,884; South Carolina 456.

ENGLAND WILL NOT CONSIDER COTTON CONTRABAND OF WAR.

(ASSOCIATED PRESS TELEGRAM)

Washington, Oct. 26.—Senators and representatives from the south were gratified today by the action of Great Britain in announcing that it would not interfere with American cotton as "contraband of war". Assurance that that effect was given Ambassador Page at London by Sir Edward Grey, British minister for foreign affairs, who confirmed his government's action in a cablegram to the British embassy here. Ambassador Page in advising the state department also reported that the British ship Camperdown laden with American cotton and products, detained at Stornaway, Scotland, was not held because of her manifest on account of a disagreement between her owners and all the charter party.

Southern Senators had requested the state department to ask the countries to give assurances that shipments of American cotton to neutral or belligerent nations would not be seized or detained.

The action of the British government forestalled action by the state department and will allow the safe movement of American cotton to any point, including Germany, where a fair market is said to exist.

PRESIDENT THINKS COTTON SITUATION RAPIDLY CLEARING.

(ASSOCIATED PRESS TELEGRAM)

Washington, Oct. 26.—The cotton situation in the opinion of President Wilson, is being cleared up steadily and rapidly. He told callers today that while only the end of the European war could restore normal condition progress was being made in efforts to assist the planter. The President is much encouraged

by plans for furnishing to the planters and the opening of foreign markets. He said there was every reason why all points should be open to cotton and predicted they could be.

Southern business men with whom he has talked the president said, had not been deeply apprehensive over the situation.

CONFERENCE WILL DISCUSS PLANS OF THE NEXT SESSION.

(ASSOCIATED PRESS TELEGRAM)

Washington, Oct. 26.—Plans for the administration program at the December session of congress will be discussed by President Wilson and party leaders at a forthcoming conference. The president predicts the house will be busy with appropriation bills until February and the Senate meanwhile may busy itself with other measures—among them the Philippine bill. The bill for purchase of a government owned merchant marine would be taken up, the president said, unless something more important commanded attention.

PRESIDENT WILL STAY AT HOME AND SEE FEW CALLERS

(ASSOCIATED PRESS TELEGRAM)

Washington, Oct. 26.—President Wilson plans to remain in Washington this week but to see a few callers as possible, that he may shape his program and keep in touch with affairs in Europe and Mexico. He will go to Princeton next Tuesday to vote. Many invitations to spend a few days at different points in the south after election have come to the White House, but so far no intention of accepting of them has been indicated.

Today the president was invited to go to Trenton for a "home coming day" in January. He may accept the invitation.

CZAR'S GREETING HAS BEEN SENT RUSSIAN FLEET

(ASSOCIATED PRESS TELEGRAM)

London, Oct. 26.—The following telegram has been sent by the Russian minister of marine, Rear Admiral Grogovitch, to the commander of the Russian Baltic fleet, according to a Petrograd correspondent of Reuters's Company:

"The czar charges me to express to you and the fleet his gratitude for the activity, this autumn season, in keeping the sea despite the dangers from mines and submarines.

"With skill and endurance the Baltic fleet has fulfilled the task of guarding and supporting the armies on land. Despite the enemy's numerical superiority and temerity he has obtained no definite successes. The czar believes that God will bless with ultimate victory the Russian sailors who are struggling for the glory of their dear country."

Local Evidence.

Evidence that can be verified. Fact is what we want. Opinion is not enough. Opinions differ. Here's a Newark fact.

You can test it. G. W. Coulter, manager of the J. H. Swisher Cigar Co., 43 German street, Newark, says: "Kidney trouble came on me like the thrust of a knife. I was working in the yard, trimming the grass, when suddenly a sharp pain caught me through the center of my back. From that moment for a year and a half, I was in poor health. I couldn't work steadily and felt badly. I doctored, wore plasters, in fact, did everything, but didn't get relief. Mornings I had to drag myself out of bed, and it was hard for me to dress. I couldn't stoop or bend. Often I had to lie down again. I felt so utterly worn-out and weak. I had rheumatic twinges in my limbs. I finally began taking Doan's Kidney Pills and they brought me a cure which has lasted."

## WARRANT

ISSUED FOR ALLISON WHO ACCUSED WITH MRS. CARRIE KUTZ'S MONEY.

Police in Number of Cities Are Looking for Man Who Victimized Newark Woman.

Though every effort is being made by police and detectives in several cities to locate C. E. Allison, charged by Mrs. Carrie Kutz of Newark, with the theft of \$700, no trace of the man has been secured and the officers do not hesitate to admit that they regard his capture as among the things improbable.

Saturday Mrs. Kutz visited the Columbus police department and after telling her story, filed formal complaint against Allison charging him with the theft of \$752. A warrant was issued on this complaint and the police and detective departments immediately started an investigation which it was hoped would result in the man's arrest.

A careful description of the man was furnished and this will be sent broadcast. Unfortunately for the officers, there are no pictures of the man available.

Monday, Mrs. Kutz, who is staying at the home of a married daughter here, received word from the Columbus detective bureau to report at Columbus for a conference with the Franklin county prosecutor's assistant regarding the case. There is some doubt, it is understood, whether the case should be prosecuted in Columbus or Newark, should Allison be arrested.

Mrs. Kutz told the Columbus officers that she met Allison a year ago while visiting in Pittsburgh. She says at that time he was installing a smoke consuming device at a small place near Pittsburgh.

"He was always so nice," she explained. "He seemed a perfect gentleman. He asked me to marry him and he seemed so anxious to get back to his home, which he said was in Roy, New Mexico. I sold my home last Saturday and on Sunday he came on to Newark. At my home that day I turned the money over to him. I had perfect confidence in him. He had been to see me four times at my home, coming all the way from Pittsburgh."

Mrs. Kutz told the police that her former fiancé was about five feet seven inches tall, had a mustache and teeth which had lost their crowns. He has dark hair and gray eyes, she said. Mrs. Kutz explained that she had not fully paid for the house she was buying and sold her equity in it for the money, which she said, Allison told her, could be invested with much profit in a Mexican chicken farm. Their plans had been to be married in Columbus Saturday and to leave at once for New Mexico.

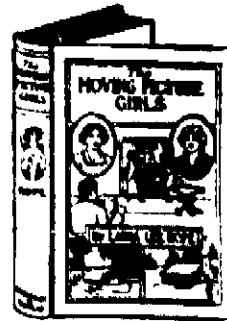

## FRENCH

(Continued from Page 1.) cate that the French aerial service has responded to the demand for reorganization, which followed the storm of criticism leveled at it because of the ease with which German aeroplanes dropped bombs on Paris. No recent aerial attacks have been made on the French capital and it is announced along the battle front that five German aeroplanes have been destroyed by French airmen.

Reports from Vienna indicate that along the battle line from the Carpathians to the Russian border, through Galicia, the fighting continues, but without any definite result. Perceval claims that the Germans still are retreating from Warsaw in precipitate flight and that they are also evacuating Lodz. The Germans attempted to arrest the Russian offensive movement at Sokhalchhoff but were dislodged from their positions there with heavy losses.

The question of the early return of the French government to Paris is being seriously considered. This indicates that the military situation is satisfactory from the standpoint of the allies but the authorities believe that the battle along the seacoast because of the German advances near La Fosse, will be more prolonged than was at first anticipated. If the government does return to Paris such a step undoubtedly will have a tremendous moral effect.

# Newark Wins Easy Victory Over Zanesville Saturday; Jones Gains With Forward Pass

Newark High won an easy victory Saturday afternoon at White athletic field, defeating Zanesville High by a score of 27 to 0. The game was featured by an 80-yard run by Jones after getting under a forward pass started by Zanesville, which never reached the Zanesville man who was waiting for it. Inability of Zanesville to break up the Easterday-Jones forward pass combination caused the Muskingum boys' defeat.

Zanesville brought a good sized aggregation of rooters with them and they stuck loyally to their losing team and encouraged them to strong defense. The Zanesville team, constructed largely from green material, made a good showing but the long gains made by Newark on forward passes proved too much for the visitors.

Newark received the kickoff and after the first scrimmage executed two forward passes, both netting gains of 20 yards. On the next play through the line, 10 yards were added which brought the ball to Zanesville's 7-yard line. Zanesville resisted three attempts to force the ball through the line and Newark attempted a forward pass which was incomplete.

Zanesville was given the ball on Newark's 20-yard line and the quarter ended a moment later. When the second quarter opened, Zanesville failed to make first down on three attempts and was compelled to punt. Jones got under the ball in good shape and returned it for a good gain. The first play was an attempted forward pass which Zanesville intercepted.

Imlay's attempt to advance the ball by air route failed as did their fake punt, and the real kick was made necessary. Jones returned the ball but Newark was penalized for off side play. Imlay went through the line for 5 yards, Zoller was unable to gain and Imlay added two yards through the line. His forward pass was taken by Jones on Zanesville's 20-yard line. Jones found an open field ahead of him and with a beautiful sprint he placed the ball behind the Zanesville uprights. Imlay was the only man close to Jones and it was a pretty race between these two men, both of whom are crack high school track men. Jones kicked goal.

Zanesville received the kickoff and Imlay at once tried a forward pass which failed. His punt was blocked by Wall. Newark gained 20 yards on a pass and Jones took another for 15 yards. The ball was taken by successive plays to Zanesville's 2-yard line when time was called for the second quarter.

At the beginning of the third quarter, Reinbold carried the ball through tackle for 10 yards, but on the next play Zanesville fumbled the ball. Jones went around the end for 15 yards and a forward pass failed. Jones gained on another, however, and on a trick play, Brown went over for the second touchdown, from which Jones kicked goal.

Newark soon got possession of the ball and quickly advanced it by successful forward passes and Easterday carried the ball over for a touchdown. Jones failed at his attempt for a goal, making the score 20 to 0.

The ball was hardly in play again when the third quarter ended with both teams in the center of the field. With a safe lead, Coach Millisor gave a number of the subs an opportunity to get into the fray. Early in the quarter, Rawlings, a sub, intercepted a forward pass and made a gain of 20 yards before being downed.

On the next play, Young went over the line for a touchdown and Jones kicked goal. Score: Newark 27; Zanesville, 0. The ball was in Zanesville's territory when the game ended. The lineup and summary:

## Theatres

Miss Gene Gauntier at Auditorium Tomorrow.

Miss Jane Gauntier will be seen at the Auditorium Theatre tomorrow in a three reel feature photo-drama entitled "The Fight for a Birthright." A fascinating photo-production based upon the story of a wager that results in a midnight marriage.

Gene Gauntier in this photo-drama plays a dual role. If you love good acting, do not miss this production. Miss Gauntier in preparation for this film play spent weeks in New York's Ghetto studying various types for this gripping play. Her characterizations are perfect.

Admirers of Miss Gauntier have a treat in store for them when they witness "The Fight for a Birthright." It is certainly true that her versatility has never been put to a harder test than she undergoes in her dual role in this photo-drama.

"Northern Lights" at the Auditorium Tonight.

Tonight is your last opportunity to see the big spectacular photo-production "Northern Lights" at the Auditorium Theatre. Crowds that taxed the capacity of this large play house witnessed the different performances of this wonderful photo-play production and every one expressed their opinion as having witnessed a powerful and an interesting film play and no one had a word of complaint to offer.

"Northern Lights" was produced by the Life Photo Film corporation of New York and portrayed by that famous cast of all star artists. This photo-play is a psychological western drama with its various scenes taken in and around the different old military forts of the Northwest. The photography in this film is excellent and every scene is clear, the acting is perfect as each and every actor has a perfect conception of their particular character.

Remember tonight will be your last opportunity to see "Northern Lights" at the Auditorium Theatre.

"Atlantis" at Auditorium, October 30th and 31st.

At the Auditorium Theatre, Oct. 30 and 31 the Great Northern Film company's stupendous and sensational film production of "Atlantis" will be presented for two days only, Oct. 30 and 31.

The photo-play is an adaptation in six parts of Gerhart Hauptmann's literary masterpiece, "Atlantis," which has been widely read throughout the world. The intensely interesting story of the novel has been closely adhered to in the film version and all the thrilling incidents that the author relates are widely depicted. As in the book, the scenes on board the steamship "Roland" from an important part of the motion picture play, two entire reels being devoted to the events leading up to and including the great shipwreck. These scenes are most realistic, affording spectators intimate glimpses of travel at sea. The shipwreck scene has caused a sensation everywhere the pictures have been shown.

Orpheum This Week.

Photo patrons have an especially strong bill offered at the Orpheum theatre this week.

"The Virginian," played by Dustin Farnum, from the book by Owen Wister and the play of Kirk LaShelle, five complete parts, 400 interesting scenes, a very strong dramatic photo play is the Orpheum Theatre offering for today and Tuesday. For Wednesday, Oct. 28, comes "The Nightingale" played by the world's favorite Ethel Barrymore supported by an all star cast. This play was written for Miss Barrymore by Augustus Thomas. Five sensational acts.

"The Unwelcome Mrs. Hatch" played by Henrietta Crossman, a dramatic illustration of the noblest of human emotions mother's love by Mrs. Burton Harrison in four complete acts at the Orpheum Thursday and Friday. This is a Daniel Frohman offering and is produced by the Famous Players Film Company.

For Saturday at the Orpheum Pathe Daily issued twice weekly, the most noted up-to-date weekly. The Orpheum's Saturday and Sunday programs are composed of five General film reels in connection with the Pathe pictures, five reels in all. Five big feature nights every week at the Orpheum. Saturday and Sunday. Open programs. The Orpheum is presenting the best of pictures and an unusually strong bill is offered for this week.

## RUSSIA MUST KEEP LEMBERG AT ALL COSTS

(Associated Press Telegram) London, Oct. 23.—According to a dispatch from the Daily Telegraph from Berlin, the Russian Government has withdrawn most of their troops from Lemberg, have now sent some 100,000 men, are strenuously fortifying the town. The Russians, it is said, are clearly determined to keep Lemberg at all costs.

(Associated Press Telegram) Amsterdam, via London, Oct. 23.—According to the news from Harbin, the Belgian flag is now flying above the city, 20 miles north of Antwerp. All the German soldiers have been withdrawn.

## Captains of Michigan and Harvard Football Teams.

These will be the leaders of the football teams of Michigan and Harvard universities, when they clash at Cambridge, October 31, in a gridiron battle which promises to become one of the most interesting and important in the country. Never before has Harvard consented to play a first class western university, and this may be the opening for general games between the eastern and western universities. But Harvard has not consented to play a return game in Michigan next year. Michigan lost Saturday to Syracuse 20 to 6, while Harvard was lucky to tie with Penn State with 13 points.

## Fitzsimmons Team Adds One More Scalp-Lock to Its Belt; Lancaster Defeated by 32 Points

Forward passes beautifully executed, massed plays forced through the stubbornly resisting line, a defense that was almost perfect, enabled the Fitzsimmons team, Newark's independent football organization, to easily defeat the Coco Colas from Lancaster Sunday by a score of 32 to 0.

Newark's superior weight had much to do with the failure of Lancaster to make any impression on the line but the fast movements of the locals frequently stopped the ball before Lancaster was able to start the plays called by the quarterback. The playing of the Newark back field and the Newark right end with the forward passing of the quarterback featured the game. Right end Harris was in every play with a vengeance. He was able to get back of the Lancaster line to break up many plays before they really were started.

The forward passes started by Jones frequently netted 20 to 45 yards and several quarterback runs, which spread the contending teams entirely across the gridiron netted big gains.

Lancaster was forced to punt frequently, making few first downs.

While the game was not rough, within the meaning of the term when applied to a football contest, both teams played viciously.

Jenkins, who substituted in a backfield position in the last quarter showed considerable skill in boring his way through the line for substantial gains.

More than 500 people witnessed the game.

Line up and summary.

## HOW TO VOTE JUDICIAL TICKET

Under the new non-partisan Judicial Ticket law, the candidates for the various Judicial offices will appear on a separate ticket, with nothing to designate their political position. The following explanation of the ticket is given in order that Democratic candidates may know how to mark their ballots. Those marked with the X are the Democratic nominees, and for these Democrats will vote. For convenience, the voter should cut this out and take it with him to the polls on November 3.

## BE PRETTY! TURN GRAY HAIR DARK

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and life to the hair when faded, streaked or gray; also ends dandruff, itching scalp, and stops falling hair. Years ago the only way to get rid of these troubles was at home. Nowadays, by asking for "Witch's Sage and Sulphur" you will get a large bottle of this famous old recipe for 50 cents. Don't let it pass you by! No one can possibly tell if you have gray hair, and even if you do, you can dampen a sponge with it and draw this through your hair, taking one small strand at a time; by morning the gray hair appears, and after another application or two, your hair becomes fully dark, thick and glossy. **The Real Facts.**

Hanover S. S. D. will pay an excess of \$1426 in taxes this year over last year. The rate is decreased but the valuation increased.—American Tribune Oct. 23.

The total valuation of Hanover Special School District in 1913 was \$608,265. The tax rate in this school district in 1913 was 9 mills. The tax paid in this school district in 1913 was \$5,474.40.

In the year 1914 there was annexed to the aforesaid school district territory from Madison Joint District amounting in valuation to the sum of \$100,450. The total valuation of the new Hanover special school district by reason of said annexation of new territory of \$100,450 is \$708,715. The tax rate in this new school district in 1914 is 8.20 mills. The taxes paid in 1914 will be \$5,991.33. Summary:

Taxes paid in 1913 by Hanover S. S. D., \$5,474.40.

Taxes paid in 1913 by the taxpayers recently annexed to the Hanover S. S. D., \$683.06. \$100,450 multiplied by 6.89 mills equals \$6,157.46.

From \$6,157.46 taxes paid in 1913, deduct \$5,991.30 taxes paid in 1914 and we have left the sum of \$166.13, less tax paid by the taxpayers as a whole in the Hanover special school district than was paid as a whole by the same taxpayers last year and the children of Madison J. D., recently annexed will in addition, get the benefits of a first class high school.

These are the facts in the case and all the prevaricators from Ananias down to date can not successfully deny it. Under the Warnes tax law 68 of 78 taxing districts in this county have a lower rate than last year and the taxpayers in every one of the entire 78 districts will benefit by the reduction of the state and county levy.

**THE REAL REASON.**  
"This war inevitable was," the candid monarch cries; "there's no use hunting for the cause, when it's before your eyes. For years and years, with frantic haste, we've piled up armament; and could we let it go to waste, the money we have spent? We've drilled about five million men, with endless pain and toil, and could we let them idly then go back and till the soil? Our colonels and the other chaps were all athirst for war, and asked us, 'If we can't have scraps, what are we drilling for? You arm a man with guns and knives, and he for strife will groan, and he will take some others' lives, unless he drops his own. And we have armed until we limped beneath this burden junk: for years we saved and saved and skimmed to buy the warlike junk. We taxed the man of humble birth until he groaned aloud; we taxed him when he tilled the earth, we taxed him in his shroud. We robbed the farmer of his oats, the ditcher of his moon, despoiled the herdsman of his goats, to buy a modern gun. And having lined with trench and forts the rivers and the woods, we simply had to scrap, old sport, to show we had the goods.'"

This will be bargain week in trimmed and untrimmed hats at Clouse & Schawwer's Millinery Store, 42 Hudson avenue.

A most delightful meeting of the Phototean club was held on Saturday afternoon at the suburban home of Miss Elizabeth King in Sharon Valley. All the members were entertained at dinner at one o'clock, the table being arranged with clusters of white chrysanthemums. A delicious menu was served and then the following program was given from the club calendar:

"And now about the cauldron sing  
Like elves and fairies in a ring  
Enchanting all that you put in."  
—Witch Scene, "Macbeth."

History of Halloween—Anna Weiland.

Following the program a Halloween party was held and the following were guests of the club: Mrs. C. B. Keller and Miss Morna Stevens.

**REEVES-MAHON.**  
On Saturday afternoon at 3 o'clock, Rev. L. C. Sparks united in marriage Miss Verda Mell Mahon and Mr. Floyd Earl Reeves, both of Ulica. They were attended by Mr. and Mrs. Harry Martin. Mr. and Mrs. Reeves will make their home in Ulica.

**WARRICK-LINN.**  
On Saturday evening at 7 o'clock, Rev. A. B. Cox united in marriage Mrs. Elizabeth Linn and Mr. David War-

## Hogan Upholds "Safety First" Railroad Law

[ASSOCIATED PRESS TELEGRAM]  
Columbus, Oct. 26.—Attorney General Hogan gave an opinion today which favors the "safety first" movement but which state officials declared would be opposed by railroads. The attorney general held that an engine running alone of itself only a caboose or several cars attached, making a trip of less than 20 miles on a single order, must carry a crew of three men, an engineer, fireman and conductor or flagman. The opinion was given to the state public utilities commission, in answer to the question of whether an engine making a short trip to help another train up a grade could not carry only an engineer and fireman without violating the "full crew" law.

## Obituary

**Mrs. Walter Jacobs.**  
Mrs. Blanch Jacobs, wife of Walter Jacobs, died at the Newark Sanitarium on Monday morning at 5 o'clock. She resided in 94 Meridian street, in West Newark and is survived by the husband, two brothers, John Livingston and Mel Livingston of this city and one sister Mrs. Maud Beebe also of Newark.

**Mrs. W. P. Upson.**  
Celia Palmer Upson, wife of Walter F. Upson, died at her home in Hudson avenue Saturday evening, at 7:45 o'clock following a long illness of heart trouble.

Mrs. Upson is survived by her husband, two daughters, Mrs. Frank Bolton of this city and Mrs. George Flory of Toledo, Ohio, and two sons George D. Upson and Howard H. Upson.

Funeral services, at which friends of the family may be present, will be conducted at the home Tuesday afternoon at 2 o'clock by the Reverend Don D. Tullis, pastor of the Second Presbyterian church.

The burial at Cedar Hill cemetery will be private.

**James L. Lyons.**  
James L. Lyons was born near Pittsburg, Pa., May 22, 1822. In 1826 he came with his parents to Licking county, Ohio, and located in Eden township. He was united in marriage with Elmer Francis in 1850 who preceded him to the spirit world fourteen years ago. To this union were born four sons and four daughters. Two sons and one daughter having entered into rest, leaving three children, two sons, fifteen grandchildren, twelve great-grandchildren, one sister of Oklahoma, one brother of Kansas and a host of relatives and friends.

He joined the United Presbyterian church at Martinsburg in youth and remained faithful to those early vows until the Master said, "It is enough, come up higher." And now in the full measure of 92 years he sleeps in Jesus. His whole life was a preparation for the summons which came in the early morning of October 16, 1914, when peacefully he sank to rest. The interment was at Martinsburg where Dr. Johnson of Xenia spoke words of comfort.

**Thought One Knew Him.**  
A short time ago a surgeon had three leg amputations in a week. The unusual number caused talk in the surgeon's household, and his little daughter Dorothy was greatly interested. A few days after the last operation the surgeon's wife and little Dorothy were rummaging the attic. In a trunk was found a daguerrotype depicting a girl about eight years of age. The portrait, through a peculiarity of pose, showed only one leg of the subject, the other being doubled under her.

"Whose picture is that, mamma?" asked Dorothy.

"Mine. It was taken when I was a child not much older than you are now."

"Did you know papa then?"

"No, dear. Why do you ask?"

"I thought maybe you did, 'cause you've only got one leg."

**The Russian Language.**  
Charles Sorel in an article in London Everyman in "Thoughts on the Russian Language" notes that in its grammatical structure, as well as in its vocabulary it is nearer than any other living tongue to the older Indo-European tongues like Sanskrit and Lithuanian, but that as a written and literary language, as a vehicle of prose, the Russian language is almost of yesterday. It is by the dominant language of 170,000,000 of people. "Nor must it be forgotten," he says, "that the Russian is key to a dozen other Slavonic languages; that it is closely allied to the Albanian language and to the Servian. And, finally, it has to be kept in mind that Slavonic or ecclesiastical Slavonic is the common sacred language of all the Greek orthodox Slav nations."

**Migrants to Death.**  
There is a little rodent, peculiar to Sweden, whose length is about six inches in length. These animals are remarkable for migrating periods in time. They go in a straight line, in columns, and nothing to deviate from the migration always terminating in the sea and ending in the drowning of that have survived the journey.

## WORKING GIRLS TAKING INTEREST IN Y. W. C. A. PLAN

The Industrial Incubator club of the Y. W. C. A. has already proven worthy of its name, for three healthy clubs were hatched on Friday. Three prizes have been offered and the rivalry has already begun. The first prize was given to the club of not less than 10 members which was organized first.

Great excitement was aroused yesterday when the Midland Shoe Co., and the I. T. Huggs hatter factory tied for the first prize. Completing their organization and reporting to the association building at practically the same time.

Twelve of the Helsey girls met in the association rooms last night to draw up their constitution and to make their club a reality.

Failure to win the first prize offered ought only to spur each new club to win the second prize which is offered by the club having the most members or the third prize offered to the club having the most members in proportion to the number of girls employed in their center. The prizes are as follows: First, a rate of membership to all charter members, second, a banquet served by the other clubs and third, a delegate sent to the Summer Industrial Council. Classes began Monday night, Oct. 26. Any wage-earning girl may enter these classes, whether a club is yet organized in her center or not by paying the club fee of \$1.00 per year. There are classes offered in cooking, sewing, embroidery, C. P. games, novelties, dramatics and radio.

The motto of all club girls is "To be the best women we can be in home, business, and community, thus 25 fun, study and service."

There are 14 other men in the Y. W. C. A. who are interested in the work of the Y. W. C. A. and are helping to make it a success.

**SUNDAY AT NORTH NEWARK CHRISTIAN UNION.**  
The annual conference of the North Newark Christian Union chapel is held in the morning, Sunday, the 27th. The service in Sunday school attendance was 500 and at the afternoon service 100 and at the forenoon service 50.

The Rev. W. H. Baker, who is a good heart and preacher, gave the address at the forenoon service.

Refugio E. and the church are very glad to have the Rev. W. H. Baker, who is a good heart and preacher, give the address at the forenoon service.

# YOU WANT TO DEFEAT PROHIBITION

**MEN OF OHIO:--Prohibition in Ohio will not be defeated unless you mark your separate amendment ballot in two places--"Yes" on the Home Rule amendment and "No" on the Prohibition Amendment.**

A "Yes" vote on the Home Rule Amendment will defeat County Prohibition and State Wide Prohibition by the Legislature.

A "No" vote on the Prohibition Amendment will defeat Constitutional State Wide Prohibition.

County Prohibition (the Rose Law) produces the same baneful conditions on a *SMALL* scale that State-Wide Prohibition would produce on a *GIGANTIC* scale.

County Prohibition is directed against the Home Rule of "Wet" communities, forcing them against their will to live under "Dry" conditions.

*This Makes for Law Violation.*

The Home Rule Amendment gives to each community the right to determine for itself, by the vote of its own citizens whether it shall be "Wet" or "Dry."

*This Makes for Law Observance.*

Where communities---townships, municipalities or residence districts---are decisively "Wet" or "Dry" the agitation in them of the liquor question will cease upon the adoption of Home Rule Amendment.

*The question Will Be Taken Out of Politics.*

A Condition Satisfactory to All Communities Can Be Reached Under the Home Rule Amendment.

If County Prohibition continues, every township or municipality "WET" by its own decision faces the agitation of a county vote.

*No Condition Satisfactory to All Communities Can Be Reached by County Prohibition.*

Unfair County Prohibition leads to still worse State Prohibition.

**Therefore Vote "Yes" on the Home Rule Amendment.**

## IT RETAINS:

Present local option laws---township, municipal and residence district;  
The license system for a full and fair trial;  
All regulatory laws; the Sunday Law, the Sales to Minors Law, Etc.

**Those townships, cities and villages now "Dry" under township or municipal local option laws will remain "Dry" after the adoption of the Home Rule Amendment.**

**Vote "No" on the Destructive Prohibition Amendment-----Because**

Its adoption would mean business upheaval;

Labor and Capital would feel its blight;

The tax-payer would have added burdens beyond endurance;

It would breed sneaks and hypocrites;

It would foster the drug habit;

It would put each moderate drinker in a "straight-jacket."

Subversive of all Home Rule it would compel communities to live contrary to their own expressed will

To Avoid a Divided People

To Avoid Ruined Cities

To Give to Each Community What it Wants

**Election November 3rd**

## Vote "YES" On Home Rule

The same man who may be trusted with the privilege of voting, may be trusted with the right to govern himself in the use of beverages.

If he has the right to use liquor---he has the right to have it manufactured for him---he has the right to have it sold to him---IN OHIO.

## VOTE "NO" ON PROHIBITION

# YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given. If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally, look Mother! see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without gripping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

## Readers' View Point

The Advocate assumes no responsibility for the opinions expressed in the column headed "Readers' View-point." Communications from our readers should be short, plainly written and should be signed though the signature will not be printed if it is so requested. These communications should be upon subjects in which there is general interest and they must be free from abuse or extravagant statements that tend to provoke controversy.

The Advocate Ptg. Co., Newark, O. Gentlemen: Our attention has been called to some statements made at a meeting held in the High School Auditorium a few days ago, to the effect that in the event state-wide prohibition is successful at the coming election, the Newark plant of The American Bottle Company could be kept busy making pickle and catsup bottles and similar ware. In fact, we are informed the speaker stated that at the present time a large part of our output consisted of condiment bottles.

The above being so far from the truth, we believe that the people of Newark should be correctly informed as to the conditions which actually exist and, we accordingly submit the following:

Our bottles are made on machines under license from The Owens Bottle Machine Company which grants us the right to manufacture ware for MALTED AND CARBONATED BEVERAGES ONLY; about 90 per cent of our production being containers for beer.

Our Newark plant is the largest bottle factory in the United States and is assessed at \$1,800,000.00; our taxes amount to more than is paid by any other concern in Licking county.

We give employment to approximately one thousand men whose annual wages amount to \$675,000.00. Yearly expenditures for materials and fuel total \$775,000.00.

We handle in the course of a year 7,500 carloads of material and finished product, and pay to the railroads about \$315,000.00 for freight. This of course gives employment to a considerable number of railroad men.

The materials used in our glass are procured largely in the vicinity of Newark, and as they are principally common products, such as sand and lime, the cost is made up to a considerable extent of wages.

Should state-wide prohibition be put into effect, a large part of our investment would be made useless, and our force of men greatly reduced; this condition also extending to a considerable degree to the concerns from whom we purchase materials.

In view of the wrong impression which seems to exist, we feel that our position should be known, and therefore trust that you will give this letter publicity in your columns.

Yours very truly,  
The American Bottle Co.,  
Per H. G. PHILLIPS,  
Vice Pres. & Asst. Gen. Mgr.  
Newark, Ohio, Oct. 24, 1914.

## NO HEADACHE OR NEURALGIA PAIN

When your head aches you simply must have relief or you will go wild. It's needless to suffer when you can take a remedy like Dr. James' Headache Powders and relieve the pain and neuralgia at once. Send someone to the drug store now for a dime package of Dr. James' Headache Powders. Don't suffer. In a few moments you will feel fine—headache gone—no more neuralgia pain.

## SOIL FERTILITY WILL BE STUDIED AT ALEXANDRIA

School to be Held During Week Beginning November 16.—Experts Will Attend.

Soil fertility and farm crops will receive special attention at the agricultural Extension School at Alexandria during the week beginning November 16-20.

The stability of any farm community depends on the fertility of the soil. Originally most of the new, rich land of Ohio secured from the government at a ridiculously low cost, was very fertile and produced bountiful crops with much less labor than is required to produce smaller crops. In those early days the old saying that "any fool can farm" was almost the truth. Plants require food just the same as livestock requires feed. For several generations much land has produced crop after crop and has received little or no assistance in the work other than annual plowings and subsequent cultivation. At the present time, however, the farmers of Ohio are paying \$4-100,000 annually for fertilizers. The fertilizer purchased is used to supply plant food and to stimulate the soil to allow the plants to draw more and more on the supply of plant food already in the soil. Undoubtedly a better understanding of the composition of fertilizers, of the function that each ingredient has to perform, and approximately what a fertilizer of any given analysis should cost per ton will enable our farmers to make a more judicious use of fertilizers.

The specialists from the College of Agriculture have given these subjects much study and are in a position to give our farmers assistance.

New Brunswick has 17,295,000 acres of land of which only 1,471,076 acres are cleared.

## AT ONCE! STOPS STOMACH MISERY AND INDIGESTION

Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, get this down: **Pape's Diapiesin** digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapiesin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapiesin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

## COMMISSION HAS STOCKED STREAMS WITH FINE FISH

Licking county anglers and lovers of the piscatorial sport will be pleased to learn that the state fish and game commission Monday, sent a consignment of fish for the streams of Licking county.

The special fish car "Buckeye" arrived in Newark at 8:30 o'clock attached to the east bound Pennsylvania train due at that time. Ten large cans of large and small mouth bass, rock bass and channel cat were unloaded here, the consignment numbering 25,000 fish, the bass being from two to three inches in length and the cats about an inch and a half.

Messrs. B. M. East, Frank S. Neighbor, Dr. A. V. Davis, "Sandy" Murray, Cary Bricker, H. H. Shauk, C. S. Kerr and Lewis Kerr were present at the train with autos and left shortly after to distribute the fish in the North and South Fork of the Licking river, Raccoon creek and Rocky Fork creek. The gentlemen have been promised another consignment in the near future, and it is the intention of the Licking County Fish and Game Association to see that the members of the finny tribe are well protected. They will also use their influence with the powers that be to keep the streams of Licking county well stocked at all times.

## Medical Science Has Discovered a New Remedy for Backache, Kidney and Bladder Trouble.

Frank D. Hall has been appointed, through a special arrangement, distributor for this new treatment for Urinary and Kidney Troubles, by the Hygienic Laboratories of the Cook Pharmaceutical company of New York and Pittsburgh. The new remedy is known as **COOK'S PILLS FOR BACKACHE**, and it has created quite a sensation in the treatment of Urinary and Bladder troubles. Kidney weakness, Backache, Lumbago, etc.

Backache is not always a sign of Kidney trouble and this is why other preparations for the kidneys fail when they are taken to relieve Backache. But no matter what causes backache, you can obtain relief at once with **COOK'S PILLS**, because they are prepared for backache, regardless of whether it comes from Kidney trouble, Colds, Urinary and Bladder trouble or Rheumatism. Don't waste time and money with Kidney Pills. If your kidneys are weak, there is no medicine like **COOK'S PILLS** to tone them up, whether your backache may be from Kidney trouble or not. Get rid of the disorder today by getting a 25c package of **COOK'S PILLS FOR BACKACHE**.

# QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and a chemist's old-time emmy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No gripping is the "byword" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action. If you have a "dark brown mouth" now and then—a bad breath—acidulated feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c packages at all druggists.

# NOSTRILS AND HEAD STUFFY FROM A COLD OR CATARRH?

My Cleansing, Healing Balm Instantly Clears Nose, Head and Throat—Stops Nasty Catarrhal Discharges. Dull Headache Goes.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning! the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm" at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharges and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

**Attend District Meeting.**  
 Misses Agnes and Margaret Gortons, Louise Fieri and Mrs. Nick Saver were in Lancaster on Sunday attending the district meeting of the Ladies' Auxiliary of the Knights of St. John.

**Suffrage Headquarters Busy.**  
 The local suffragists are very busy at their headquarters, 701 Newark Trust Building. Any one wishing a special kind of literature is invited to call for it or call number 1672, automatic phone. Those wishing to assist in mailing literature are asked to call. Speakers are being supplied wherever possible.

**Damage To Fishing.**  
 Heavy winds the past few days destroyed many fisherman's nets on Sandusky bay and Lake Erie, and instead of improving the fishing, caused hundreds of dollars damage. At Port Clinton scores of nets were also lost and as a result the fish markets could not be supplied.

**Pleasant Weather.**  
 Just fourteen years ago today, Oct. 26, 1902, the government thermometer registered eighty degrees in the shade. That mark was reached once this month and within a few degrees of it on several occasions. The weather this month has been delightful and will long be remembered as one of the pleasantest Octobers in many years.

**Wild Geese At Lake.**  
 A number of wild geese were seen at the reservoir Sunday. There were also quite a number of ducks on the waters. These wild fowl may be taken by the hunter until Dec. 15. Ducks have not been plentiful in the waters of Buckeye Lake but as soon as cool weather comes they will begin to settle on their flights southward and it is then that the hunters will get busy erecting their blinds.

**Fire Sweet Corn.**  
 Elmer Mathews, residing three miles north of the city near Wilkin, brought a number of messes of sweet corn to this city Saturday, one of which was presented to Deputy State Fire Marshal John Baird. It was of an extra late variety and Mr. Baird states that it was the finest corn he has had on his table during the past season. Mr. Mathews is one of the progressive farmers of Mary Ann township.

**Harding Here Tonight.**  
 Ex-Lieut. Governor Warren G. Harding of Marion, O., editor of the Daily Star of that city and Republican candidate for United States Senator, and Beecher Walmire, former mayor of Findlay, O., and a well known author and newspaper man, will address the voters of Newark from a Republican standpoint at the High School Auditorium. The Buckeye Band will furnish music for the occasion and the meeting will begin at 7:30 o'clock tonight.

**Timothy by Train.**  
 George Miller of 72 Mill street, who is employed at Hanover attempted to mount a moving freight train in that village Sunday in order to come to Newark when he slipped and fell and was thrown with great force to the ground. Fortunately he

## Appetite Follows Good Digestion

Nearly everyone indulges their appetite and the digestive organs are abused, resulting in a congestion of poisonous waste that clogs the bowels and causes much misery and distress.

The most effective remedy to correct this condition is the combination of simple laxative herbs with pepsin known as Dr. Caldwell's Syrup Pepsin. This is a natural, pleasant-tasting remedy, gently yet positive in action, and quickly relieves indigestion, constipation, sick headache, belching, etc. Drug stores sell Dr. Caldwell's Syrup Pepsin at fifty cents and one dollar a bottle, and in thousands of homes it is the indispensable family remedy. For a free trial bottle write Dr. W. B. Caldwell, 451 Washington St., Monticello, Ill.

was able to keep from underneath the wheels but he was badly bruised and cut about the face. He was brought to this city and taken to his home where his injuries were dressed. No bones were broken and the man certainly had a narrow escape from death.

**Condition Improved.**

The condition of Mrs. G. Thomas Haller, who has been seriously ill, is somewhat improved today.

**Silent Circle Meeting.**  
 Silent Circle of The King's Daughters and Sons will meet with Mrs. J. V. Hilliard, 126 West Church street, Tuesday evening at 7:30 o'clock.

**Officer Stewart Improving.**  
 Motorcycle Officer T. H. Stewart, of the local police department, who has been off duty for several days is improving rapidly and expects to resume his duties Tuesday.

**Returns to Newark.**  
 Frank "Soapy" Wilson, he of baseball and bowling fame, has returned from Springfield, O., where he has been engaged in the contracting business for the past couple of years. Mr. Wilson will return in the spring when he expects to again engage in plastering and stucco work.

**O. C. Larason Ill.**  
 Prof. O. C. Larason, one of the liquor license commissioners of Licking county is confined to his home by illness. Prof Larason was able to be up Monday but will hardly be able to leave the house for a few days. It is not probable that any announcement of those to receive liquor licenses will be delayed and they will possibly be made public tomorrow.

**Hallowe'en Social.**  
 There will be a Hallowe'en social at Opossum Hollow school, Thursday evening October 29th, 1914. Ladies are requested to bring well filled boxes, but come, with or without a box, as refreshments will be prepared for all. A short program will be given by the school children, after which a social evening will be spent by all present. Admission free.

**Names Are Similar.**  
 A similarity of names is causing some embarrassment to Ollie D. Irwin, clerk in the Crane-Krieg Hardware store. Ollie E. Irwin is candidate for county commissioner on the Socialist ticket and the friends of the hardware salesman persist in offering him their support. Mr. "Hardware" Irwin wishes it understood that he is not a candidate for office at the coming election. Furthermore he is a Democrat and proud of the fact.

**Special Meetings Close.**  
 Woodside Presbyterian church had a great day Sunday. The week's special meetings closed with a chalk talk to the Sunday school in the morning and sermon by Rev. Miller and final sermon in the evening. Twenty members were received and sixteen families pledged for the family altar and \$44.00 was raised and paid in for home missions.

## COURAGE IN WAR

What war teaches—as well as business life.

Courage in war or business is born of good pure blood. Pure blood is the greatest blessing mankind can have.

Millions of people need this powerful vegetable remedy that puts the stomach, liver and bowels in fine condition, that clears the skin of pimples, rash, blotches and eczema; that dissolves hoists and carbuncles; that makes nerves stronger and steadier and gives to pale, weak, rundown people the fullest measure of health and happiness.

Dr. Pierce's Golden Medical Discovery, free from alcohol or narcotics, does just what is stated above, simply because it banishes from the blood all poison and impure matter. It is the world's great Blood Purifier; so wonderfully penetrating that it even enters joints dissolving the impure deposits and carries them out, as it does all impurities, through the Liver, Bowels, Kidneys and Skin.

If you have indigestion, sluggish liver, backache over the kidneys, nasal or other Catarrh, unsteady nerves or unsightly skin, get Dr. Pierce's Golden Medical Discovery today and start at once to replace your impure blood with the kind that puts energy and ambition into you and brings back youth and vigorous action.

Not a secret remedy for all ingredients are published on wrapper. All medicine dealers can supply you in either liquid or tablet form or send 50 cents for a trial box of tablets to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y. Write for free booklet on blood.

Mrs. Clarence Hill of Granville spent Saturday in Newark the guest of friends.

## GUARDIAN

ASKED FOR LIVING, WHO WAS ACCUSED OF ATTEMPTING TO MURDER HIS WIFE

The Case Is Being Hotly Contested—Divorce and Alimony Case—Squire's Courts.

Probate Judge Hunter is engaged in hearing the guardianship case against Alfred Lanning of near Johnston, O., today. Relatives of Lanning want him adjudged an imbecile, claiming that he is not a fit person to manage his property. He is past eighty years of age and forty-three witnesses have been subpoenaed in the case.

It will be remembered that sensational charges were filed against Lanning by his wife, a much younger woman, who accused him of attempting to kill her by concealing a club under his pillow and attacking her at night. She brought suit for divorce and alimony and the case is now in the courts.

The guardianship case is being hotly contested, Smythe, Jones and Mitchell being attorneys for the plaintiff and Kibler & Kibler for the defendant.

**Squire Jones Court.**  
 Constable Emmet Forgrave, of Squire D. M. Jones' court Sunday arrested George Thompson, of west of Vanatta on the affidavit of George Bowers, Thompson being charged with unlawfully taking a gelding belonging to Bowers. The hearing has been set for Saturday, Oct. 31, at 10 a. m., and Thompson being unable to give bail was confined in jail until that time.

**Divorce Petition.**  
 Carrie Headley has filed a petition in the court of common pleas asking that she be granted a divorce from Fred H. Headley. She states that they were married August 6, 1891, and are the parents of three children, one of age. She charges defendant with abandonment for a period of three years and failure to support herself and children.

**Real Estate Transfers.**  
 Ralph Norpell, administrator of Charles F. Rockey, to Harriet E. Miner, lots 41 and 42 in Hebron, \$512.50.

Maud V. Staub Boyer to L. F. Wenger, lots 2 and 3 in William Lake's sub-division, \$1, etc.

Frederick Stevens to Mary B. Wright, lots 253 and 254 in Johnston, \$100.

Susan O. Drumm to Earl W. Drumm, 134 acres in Hopewell township, \$1, etc.

Daniel D. Clark to D. A. Jones, lot in Alexandria, \$1,500.

**Divorce and Alimony.**  
 Ida Myers has entered suit in probate court against Allison Myers, asking for divorce and alimony. In her petition she recites that they were married Dec. 28, 1889 and are the parents of five children one of whom is of age; that the defendant has continually abused and mistreated her, calling her vile names, refusing to talk to her, and sought in numerous ways to insult and humiliate her, so that she was obliged to leave him on Oct. 19, 1914. Mrs. Myers states that her husband is possessed of considerable property, owning a house and lots in Johnston, O., and that he has numerous accounts and chattels. She asks that he be enjoined from disposing of his property, that temporary alimony and attorney fees be allowed her and that on final disposition of the case she be granted a divorce and permanent alimony.

**To Remedy a Leaking Pen.**  
 If one is troubled with a leaky fountain pen the application of a little soap to the threads of the screw will work magic. If the pen is emptied, thoroughly cleaned, filled and the soap applied there will be no more trouble until the pen needs filling again.—Exchange.

**Looking Ahead.**  
 Practical Father—Has that young man who wants to marry you any money? Romantic Young Lady—Money! He gave me a cluster diamond ring. Practical Father—Yes, I know. But has he any money left?—Exchange.

**Verified.**  
 He—And, judge, she's lost a lot of my money playing bridge. She—Don't believe him, judge. I don't know a thing about the game. He—That's right, judge.—Cleveland Plain Dealer

**Envious.**  
 "Your wife is very fond of dumb animals." "Yes," replied Mr. Meekton. "Sometimes I most wish I had never learned to talk."—Washington Star.

**London Juries.**  
 England has been investigating its jury system and finds that charges of unfairness against juries are no new thing. One old belief remarked, "London juries are so prejudiced that they would find Alibi guilty of murdering Cain."

**Vindictive.**

# LICKING COUNTY ROAD IS ADDED TO STATE SYSTEM

State Highway Commissioner James R. Marker has added another road to the inter-county highway system in Licking county which will greatly increase the mileage of the state system in this section, and, at the same time, afford better facilities to the army of highway travelers.

Commissioner Marker, with the approval of Governor Cox has designated as an Inter-County Highway No. 479, the Newark-Fallsburg road, a highway over two and a half miles long. The description of this road made as an inter-county highway is as follows: Beginning at the intersection of the Wilkins Run road with the north corporation line of the City of Newark, thence running in a general north-easterly direction along the road which passes through the villages of Wilkins Run, Hickman, Roe's Fork and Fallsburg, terminating where the said public road joins Inter-County Highway No. 411, two and a half miles northeast of Fallsburg.

This road was selected as an inter-county highway because of its great importance and the fact that it touched quite a number of very important villages leading directly from Newark. It means that his road will be improved by the state in co-operation with the county, the state to pay one-half the cost. Then, when it has been so improved, it will be taken over by the state for maintenance and repair for all time in the future with no expense to the county whatsoever.

## Small Crowd At Meeting of Republicans

Prominent Speakers Fail to Attract the Notice That Local Committee Had Expected.

Hon. Ralph D. Cole, of Findlay, O., former congressman from that district and Prosecuting Attorney Edward C. Turner of Franklin county, Republican candidate for attorney general of Ohio, addressed a Republican gathering in the convention room of the court house Saturday evening. The meeting was pitifully small considering the distinguished character of the speakers.

Charles W. Montgomery, chairman of the county Republican central committee, Link C. Russell, chairman of the executive committee, Captain W. C. Miller, treasurer of the executive committee and Frank S. Neighbor, business manager of the American Tribune, drove to Mt. Vernon Saturday afternoon and acted as an escort committee to the speakers, who were expounding Republican doctrine to the voters of the Knox county capital.

Previous to the evening meeting in this city, the Columbus Republican glee club sang a number of selections and music was also rendered by the Buckeye band. It had been the original intention to hold an open air meeting from the south steps of the court house, but the inclement weather prevented the arrangement from being carried out. This, to a certain extent, was responsible for the small crowd present in the convention room for after the musical organizations had finished it dwindled down to less than 100.

Messrs. Cole and Turner spoke for a couple of hours but presented no new facts, dwelling principally upon the Cox administration and giving promises of what their candidate for governor would do should he be elected to the exalted position.

Another meeting will be held this evening which will be addressed by Warren G. Harding, of Marion, O., Republican candidate for United States senator from Ohio. The meeting will be at the high school auditorium.

## SLEEPLESSNESS AND INDIGESTION

Two Great Foes to Human Comfort Which Nerv-Worth Speedily Overcomes.

Mr. T. J. Evans reports that the great demand for Nerv-Worth continues unabated. He is still giving his personal attention to the sale of the remedy and continues to hear striking evidences of its great work among the victims of nervous disorders.

Among the written statements made by Newark Nerv-Worth users none has been more convincing than that of Wine Bart Stouffer, foreman at the great Wehrle stove plant, who went on record as follows:

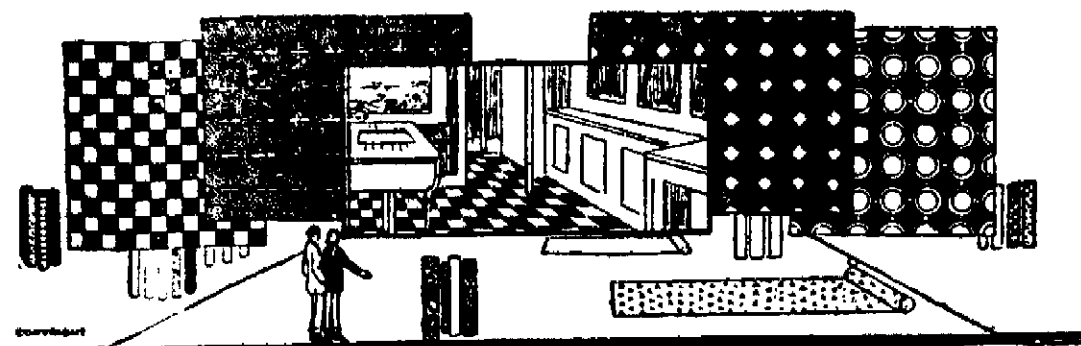

"I was in a bad way from nervousness. Had pains and a lump in my stomach. No digestion and my sleep at night averaged no more than 3 1/2 hours, with nightmares at times. Of course, I was constantly tired in the morning. That was before taking Nerv-Worth. After taking it for 10 days, my condition is as follows: I sleep eight hours per night, can eat any old thing, the lump in my stomach is gone. Take it all in all, I am a better man every day than I have been for three years."

Here again may be seen evidence of Nerv-Worth's power to overcome extreme sleeplessness and indigestion, two of the leading results of nervous debility. If it accomplished this only, it would be one of the greatest blessings ever conferred on humanity. But it overcomes all the results of nervous debility. Sold on an absolute guarantee. Ask Mr. Evans for free sample doses.

## AUSTRIA

ISSUES A CONSERVATIVE STATEMENT GIVING INFORMATION OF BOTH ARMIES.

Russians Have Been Reinforced and Strong Forces are Now Facing Each Other.

(ASSOCIATED PRESS TELEGRAM) London, Oct. 25.—A dispatch to Reuters Telegram company from Rotterdam gives the following statement issued at Vienna:

"A telegram dated Sunday noon from the northeastern theatre of war says Austrian and strong German forces have taken a position in a nearly uninterrupted line from the northern spurs of the Carpathian mountains by way of Stary and Sambor, before the fortress of Przemyel, to the Polish part of the Vistula and to the district of Plock, against the main army of the Russians, who have been reinforced by troops from the Caucasus, Siberia and Turkestan."

"The Austrian offensive across the Carpathians attracted strong hostile forces."

"In the middle of Galicia, where both armies occupy fortified positions, the battle is stagnant."

"Northeast of Przemyel and on the Lower San the Austrians have had several successes."

"In Russian Poland strong forces are facing one another. Since yesterday there has been fighting north of the Vistula between Ivanigorod and Warsaw."

When Vandern Attempted to Charge Koerberian Prices for Potatoes in Germany.

(ASSOCIATED PRESS TELEGRAM) Amsterdam, via London, Oct. 25.—The high price of potatoes in Germany led to serious excesses in Berlin, according to the Vorwarts. It is newspaper says the booths of potato sellers who refused to sell at the ordinary price were stormed and the potatoes thrown into the street and the greater part of them destroyed before the police arrived on the scene.

Several communities are ordering to the Vorwarts, already have fixed minimum prices, but these are still very high. A general ban is being made for the German government to establish a maximum price, not only for potatoes, but for other articles of food.

The official German army organ, a paper which has been cited here, carries an article relative to the killing of wounded war prisoners by

the allies. It says the wounded are transported with other prisoners and receive the same food as the ordinary war prisoners, while wounded prisoners who are transported with the German wounded are given the same food as the Germans receive.

## DEPREDACTIONS ON HALLOWE'EN UNDER THE BAN

In a statement issued Monday morning, Mayor Bigbee made it plain that the police department will not permit any destruction of property, rowdiness or depredations to pass under the disguise of "innocent" hallowe'en pranks. "It is not my wish to deprive the young people of innocent pleasure," said the mayor, "but such depredations as the overturning of buildings, throwing decayed vegetables at houses and destroying property will not be permitted and any one arrested on such charges will be prosecuted vigorously."

Police Chief Sheridan announces that every police officer will be on duty on Halloween and several nights preceding. In addition the entire available uniformed force, forty to fifty special officers in plain clothes will be on duty in various parts of town to see that the orders of the mayor and chief of police are not violated.

## RALLY DAY SUNDAY.

Sunday, Oct. 25, was observed as Rally Day at the East Main St., United Brethren Church, with great success. Owing to the hard work of Supt. S. C. Conrad his Assist. Edw. D. and their different communities. Telegram invitations were sent out in advance, to all old members of the Sunday School, also to prospective ones. With a result of forty-nine new scholars and one hundred and nineteen visitors. Making a total attendance of seven hundred and thirty-one, with a collection of \$21.17. A reception committee met all comers in the vestibule with Rally Day badges, and a request to wear them through the day and help boost the Sunday School. The program was rendered by the Primary Department, with short talks by Rev. Cox and Supt. S. C. Conrad. Words then dismissed by repeating Lord's Prayer. Every one went away satisfied, many with the determination to come again and in truth "Help us Grow."

## A WOMAN DOCTOR

Says, "Eucorins is a necessary factor in the future of the race. The average American girl is unfit for motherhood. This may be true, but if weak and ailing girls passing from girlhood to womanhood, could only rely, as thousands do, upon Lydia E. Pinkham's Vegetable Compound—that simple remedy made from roots and herbs—to restore the system to a normal healthy condition, it would cause many ill from which they suffer to disappear, so that motherhood might become the joy of their lives."

## OLD FILES

DATING BACK OVER 85 YEARS USED BY GRANVILLE PATRONS SUNDAY

Vandals Tore Down "Dry" Banner Across Broadway—Dean Judson's Father Dead.

(Special to The Advocate)

Granville, Oct. 25.—There were interesting services in all the Granville churches yesterday, conducted by the respective pastors. In the Baptist evening service, Rev. Millard Breisford delivered a powerful temperance address, demonstrating afresh his ability to hold an audience. In the course of his remarks he produced a little book, which he said was a bound volume of a newspaper published in Zanesville by Dr. George Sedgwick back in the 20's and 30's, called the "Western Miscellany." From this quaint and musty volume he read a report of the "Temperance Society of Granville Township" for 1839, submitted by Rev. Jacob Little, pastor of the Granville Presbyterian church for nearly forty years. Mr. Breisford urged the people of Granville to be loyal to the traditions which have made the town what it is; to remember that we too are pioneers in a great work which the next generation will see completed, even if we do not; that we should emulate these heroes of the past who worked so unselfishly for the betterment of conditions in the community. Below is a partial report for 1839 of the temperance society of Granville township, which may be of interest to readers of the Advocate, who reside in Granville.

"No. of inhabitants in the township, 1,894."

"No. over 14 years old, 932."

"No. in temperance societies, 569."

"No. of families in township, 369."

"No. of families using no ardent spirits, 125."

"In 1827 township drank gals of spirits, 10,000."

"In 1829 township drank gals of spirits, 2,000."

"Saving this, 1,200."

"At 10c per gal. saves \$2,520."

"Sufficient to pay taxes, schools and charities of the whole township."

"In 1829, 40 buildings were raised without ardent spirits; 2, hard drinks."

"In 1829, 60 in 100 families that were habitually intemperate. In 1827 there were 25 drunkards in the township."

"In 1829 there were only 5 drunkards."

"Quite a gain for temperance workers in two years."

Miss Margaret Judson, dean of Shoupsville college, was called to New York Saturday by the sudden death of her father, R. A. Judson, D. D., pastor of the Memorial Baptist church of New York City. Miss Judson had hardly settled to her school work after the illness and death of her

mother, when this second blow descended. Dr. Judson was the son of Adoniram Judson, missionary to Burma, whose centennial was celebrated last spring in Burma and among the Baptists of this country. The sympathy of the entire community goes out to Dean Judson in her double bereavement.

Dr. R. S. Colwell, head of the Greek department in Denison University, was one of the three speakers at a memorial service held yesterday afternoon in Columbus in honor of Josiah R. Smith, late professor of Greek in Ohio State University. President W. O. Thompson of O. S. U., presided at the impressive service, which was held in the University chapel. In introducing Dr. Colwell, President Thompson paid him a tribute of praise of which any man might justly feel proud. The hour extended to the Denison professor was highly appreciated by his many friends in the audience.

Mr. and Mrs. Howard Darrow motored to Utica Saturday afternoon with a party of young ladies of Shepherdson college, to witness the football game between Doane and Utica High school, which resulted 10-3 in favor of Doane. On their return to Granville they were honor guests at dinner at the home of Dr. and Mrs. R. S. Colwell. The young ladies of the motor party were Misses Josephine Darrow, Margaret Colwell, Frances Carney and Frances Haskins.

Every woman in Granville should attend the meeting of the Granville Women's club on Tuesday afternoon at half past two in the Baptist church. You are invited, whether you are a member of any other organization or not. You are missed when you are absent. You can assist in this great work now being done by the women. Come! Following the meeting there will be an open air address on the postoffice square by Mrs. Willis of Washington, D. C., who is one of the finest speakers now before the public. Turn out and witness the children's parade, in their interesting songs and flag drills at 3:30.

Mr. Dexter Ticht of Cleveland, whose former home was in Granville, was a visitor in town over Sunday.

Prof. and Mrs. Brumback's Buckeye Lake house party returned to their homes in Granville this morning.

The large banner, which was stretched across Broadway, and which bore the familiar advice to voters to "Vote No on the Brewer's Home Rule Amendment and Yes on the Prohibition Amendment," was torn down Saturday night by vandals, and cut into shreds. This banner, which cost the women time and money, was a credit to the community and should have been respected. Your correspondent does not believe that any man in Granville was mean enough and cowardly enough to have done this thing. It was mean and cowardly in that it placed the whole town in a most unfavorable light. People everywhere are saying "who did it?" It is safe to say that the outrage has done less injury to the dry cause than it has to the wet. It is idle to place the blame on the students. The Denison boys are a self-respecting lot of fellows who would not tolerate such an outrage.

## WILLIS, 26 BROADWAY

In view of a recently published statement of Frank B. Willis, standard candidate for governor, that he took neither dictation nor instruction from anyone, certain of the Archbold letters, as printed in the Congressional Record, are decidedly enlightening.

He has been amenable to reason and discipline. He states that he opposed the Cincinnati "ripper" bill, for which the House Journal of Ohio shows he voted. That he saw the light is shown by the fact that he came nicely into line when he took the Toledo "ripper" bill immediately thereafter, hide, hair and all and without a murmur, and voted to destroy the usefulness of "Golden Rule" Jones.

Frank B. Willis was in Ohio legislature when it paid to be in politics and in the legislature with the then existing connections with 26 Broadway. Since Joseph B. Foraker and Marcus A. Hanna were then the legislative czars for the big interests and it was about this time that Friend John Archbold wrote his famous letters, which have since resulted in the political retirement of the famous war horse on the receiving and dispensing end of the line. How Frank B. Willis was affected is shown in the connecting links of the correspondence and legislative action which accurately demonstrates from whom he took his orders.

After other anti-trust measures of 1900, introduced in accordance with platform promises of the Republicans, had been effectually chloroformed, Frank B. Willis, on Jan. 16, 1900, fathered H. R. 22, designed to smother another bill. Frank B. Willis first moved the immediate consideration of this resolution. By legislative jugglery, the watch dog, William S. McKinnon, later rewarded by election as state treasurer, held it over until it could be investigated and it was finally entered for consideration on Jan. 25. That this permitted of certain outside consideration is shown by the following letter, which, in the meantime, came from John D. Archbold to Senator Marcus A. Hanna: "25 Broadway, New York, Jan. 19, 1900."

"Dear Senator: The matters regarding which I want to talk with you this afternoon are those of threatened and very objectionable legislation at Columbus. The first is a bill introduced by Mr. Russell of Iowa, amending the so-called anti-trust law in a way that would be most objectionable to every private interest in the state. Probably you are familiar with this bill. The second is a most malicious resolution for an investigating committee to be held by Gifford of Iowa, giving them power to subpoena any and every bill existing within the state from the supreme court down. The resolution does not limit the expense of the investigation."

tion and authorizes the employment of counsel. It is said to be the intention of the committee to employ Mr. Monnett as its counsel. We want to enlist you actively and promptly to the defeat of these measures. They are undoubtedly inspired by Monnett and his followers, and their purpose is unquestionably of the most vicious character. The appointment of the "marauding" committee comes up by agreement on the 25th, so that it, as well as the other, SHOULD BE ATTENDED TO VERY PROMPTLY. Will you do everything possible to compass their defeat? Shall be glad to hear from you promptly.

"I enclose you clipping from the Plain Dealer describing THE WILLIS RESOLUTION."

"Very truly yours," "JOHN D. ARCHBOLD." "Hon. M. A. Hanna, Washington, D. C." (Page 11542, Congressional Record—Senate, Aug. 22, 1912.)

How promptly Senator Hanna "attended" to the matter is shown by the official house record, which records that ON JAN. 25, ON MOTION OF ITS AUTHOR (F. B. WILLIS), H. R. 22 WAS REFERRED TO THE JUDICIARY COMMITTEE OF THE HOUSE AND NEVER AGAIN HEARD FROM. It appears from the record that during this memorable session the judiciary committee was the official burying ground for bills obnoxious to 26 Broadway.

The record shows a series of letters to Senators Foraker and Hanna from John D. Archbold in reference to legislative matters at Columbus. While Senator Hanna was looking after the chloroforming of the Willis resolution, Senator Foraker had charge of the house bill relating to the investigation of foreign corporations. It will be recalled in this connection that Senator Foraker frequently received certificates of deposit for looking after these matters, as the attorney, and that Senator Hanna was kept from "holding the bag" in his fight against Tom Johnson and the election of a legislature which would be inimical to the interests represented by John D. Archbold at 26 Broadway.

Mr. Willis "played ball" with the big interests in the legislature and he cannot get away from his record. He remained an admirer and supporter of Senator Foraker, and just before the famous Archbold letters became public in 1910, at Marysville, Willis lauded Foraker to the skies and said he was proud to belong to a party that had such a leader. The charge had been openly made that Foraker was in the employment of the trusts as their attorney and Willis knew this and knew how the employment was conducted, but he did not know that there would ever be an exposure of the Archbold letters.

The foregoing plainly shows from whom Mr. Willis received instructions in the Ohio legislature.
